PRIMARY EXAMINER

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: In combination with all the limitations recited in the independent claim, all the prior arts do not show an electric junction box comprising a first cover body having a first space defined by peripheral walls; a plurality of protruded portions with through holes outwardly protruded from at least one of the peripheral walls so as to define a groove; a plurality of retainers provided with the protruded portions; a second cover body fitted with the first cover body to close the first space while retained by the retainers; and a third cover body having a plurality of projections on an outer periphery disposed in the first space to divide the first space into an upper region located between the third cover body and the second cover body and a lower region locate below the third cover body. Each of the projections is fitted into the groove to partition the upper region of the first space from the through hole.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
